PROFESSIONAL SUMMARY

Innovative and detail-oriented Full-Stack Software Developer with hands-on experience building dynamic, responsive, and user-centric web and mobile applications. Proficient across the MERN stack (MongoDB, Express.js, React, Node.js) and React Native, with a strong focus on clean architecture, API integration, performance optimization, and scalable backend solutions. Proven track record of delivering production-ready code in professional environments.

TECHNICAL SKILLS

Languages:	JavaScript (ES6+), HTML5, CSS3
Frontend:	React, React Native, Redux, Context API, Responsive Web Design
Backend:	Node.js, Express.js, RESTful APIs, MVC Architecture
Databases & Cloud:	MongoDB, Firebase (Authentication, Real-time Database)
Tools & Version:	Git, GitHub, MS Word, MS Excel

WORK EXPERIENCE

Asian IT

2024 – Present

Front-End Developer

- Architected and implemented high-performance frontend solutions for diverse client websites using React, enhancing user retention and accessibility.
- Collaborated closely with UI/UX design teams to translate wireframes into pixel-perfect, fully responsive web interfaces.
- Optimized frontend performance, code-splitting, and asset delivery, resulting in faster page load times and significantly higher user engagement.
- Integrated RESTful APIs to ensure seamless data flow and a smooth user experience across client platforms.

PROJECTS

Hostelmate	Mobile Application
<i>Cross-Platform Android Application</i>	
- Engineered a comprehensive cross-platform mobile application utilizing React Native to simplify and streamline hostel discovery and management. - Implemented Firebase for robust, real-time data synchronization and secure multi-role user authentication. - Designed an intuitive, fluid mobile UI focused on high performance and low latency across a variety of Android devices.	

Readability Pro	AI Application
<i>AI Writing Assistant</i>	
- Developed an AI-powered writing application engineered to analyze text, optimize tone, and enhance content clarity in real time. - Built a sleek, responsive React frontend interface providing instantaneous feedback, readability scoring, and context-aware suggestions. - Managed application state and integrated backend endpoints to process text data efficiently and securely.	

EDUCATION

Abasyn University, Islamabad	2023 – Present
<i>Bachelor of Science in Computer Science (BSCS) — Expected Graduation: 2027</i>	
AJK BISE Mirpur	2020 – 2022
<i>Intermediate (FSc Pre-Engineering)</i>	
AJK BISE Mirpur	2018 – 2020
<i>Matriculation (Computer Science)</i>
